

Linow ISA 500 Demo Engagement Brief

PT Arunika Cloud Commerce | Q2 2026 | Generated demo evidence for Linow ISA 500 testing

Engagement overview

Engagement case ID: LINOW-ISA500-Q2REV-2026-ACC. Client: PT Arunika Cloud Commerce. Period under review: Q2 2026. Audit area: revenue recognition and cash receipts.

The purpose of this demo engagement is to test whether Linow can classify audit evidence, map evidence to ISA-style assertions, identify missing evidence, draft C-C-C-E-R findings, and maintain verifiable agent memory.

Audit scope

Scope item	Included	Notes
Revenue recognition	Yes	Invoices, contracts, acceptance reports, revenue schedule, GL entries
Cash receipts	Yes	Bank statements, bank transaction export, subsequent receipts
Source-system connectors	No	All files are company-uploaded. Source confidence should stay L2 unless auditor attests
Audit opinion	No	Linow should not conclude an audit opinion

Intentional gaps

Gap ID	Description	Expected assertion impact	Expected recommendation
GAP-01	Commercial Committee minutes for C-ORION-2026-019 are missing from the initial pack	Rights & Obligations, Occurrence	Upload board minutes or approval log
GAP-02	CFO approval for JRN-2026-06-117 is missing from the initial pack	Classification, Accuracy, Rights & Obligations	Upload CFO approval evidence for manual adjustment
GAP-03	Orion go-live event occurs on 2026-07-02 while revenue was recognized on 2026-06-30	Cut-off	Review whether milestone 2 revenue should be deferred or supported by alternative acceptance evidence
