This report is company-prepared evidence. It supports completeness and analytical review but does not independently prove source authenticity.

Revenue by category

Category	Amount IDR	% of monthly revenue	Commentary
SaaS subscription	IDR 152.490.000	39%	Recurring SaaS subscription revenue from retail clients
Implementation services	IDR 238.510.000	61%	Milestone-based professional service revenue
Total	IDR 391.000.000	100%	Should reconcile to revenue schedule and GL

Finance controller review notes

Key review procedures: tie sales register to GL revenue account 4100, inspect significant contracts, match paid invoices to bank receipts, and review cut-off around 30 June 2026.

Known risk: Orion contract is above internal approval threshold. Evidence pack should include Commercial Committee approval minutes before the auditor signs off the Rights & Obligations assertion.
