

Service Acceptance Certificate - Orion UAT

PT Arunika Cloud Commerce | Q2 2026 | Generated demo evidence for Linow ISA 500 testing

Acceptance certificate

Customer: PT Orion Mart Tbk. Project: Retail Cloud Migration and Commerce Analytics Platform. Related contract: C-ORION-2026-019.

UAT sign-off date: 2026-06-25. Customer confirms that UAT scenarios for order sync, inventory reconciliation, and dashboard access were completed with no critical defects.

Signed by: Rika Mahendra, Head of Digital Operations, PT Orion Mart Tbk. Signed date: 2026-06-25.

Acceptance checklist

Module	UAT status	Evidence note
Order sync API	Passed	Test case UAT-OR-104 completed
Inventory dashboard	Passed	Test case UAT-OR-118 completed
Revenue analytics	Passed with minor issue	Minor filter issue deferred to July patch
Production go-live	Pending	Production go-live scheduled for 2026-07-02

Agent evaluation note

This file supports occurrence and partial cut-off. It also creates a tension with the service delivery log because production go-live is after quarter-end.
